

Revised: 9/30/2009

TM2 Screen-printing medium Thinner / **TM2SP** (spray can type of TM2)**1. General Information**

TM2 and TM2SP are thinners for screen-printing medium.

TM2 and TM2SP can be used as a screen cleaner and to improve the printability especially for fine mesh.

TM2SP spray can dilute the paste of color ink during the printing process without removing the screen from the printing machine.

2. Technical and Application Data

Composition	Aromatic naphtha and esters
Appearance	Transparent liquid
Gravity	0.95
Flash point	65°C
Hazard classification	Flammable, non dangerous goods

Use

We recommend adding less than 10% of TM2 and TM2SP when diluting screen-printing medium.

Clean the screen by TM2 or TM2SP before printing.

Attention on handling

Wear mask and gloves to avoid any effects of the solution or the residue.

Wash thoroughly with water and soap, when the solution or residues comes in contact with the skin, etc.

Get medical examination by doctor, if the solution or residue comes in contact with the eye, but first wash the eye thoroughly with water.

Storage

Store in a dry place and away from excessive heat and sources of ignition.

Avoid direct sunlight. Keep material away from electrostatic charge.

3. Material Safety Data Sheet (MSDS)

Material safety data sheet (MSDS) of TM2 and TM2SP are available on request.
